JULY 2022

WHAT IS THE RESIDENCE POSITION AT ST. STEPHEN'S?

I have been asked to write for this Month's SPIRIT just what is the Residence position here at St. Stephen's. As the title implies the Resident lives on the premise in the apartment on the second floor of the Parish House. The apartment is not the most spacious of accommodations but does have what a person needs. The Resident does not pay rent or utilities (except phone and cable), and for the privilege of living in our Parish House they are asked to cut the grass in the summer and clear sidewalks of snow and ice in the winter. Plus they make sure the buildings are secure after an outside group has been in either building and do a few other things to keep the building functioning well. Cleaning the church and Parish House is done by an outside company.

In fact, that might be where some confusion about Resident duties has come about. Two of our recent residents actually worked for the cleaning company. They did extras because they had the time. St. Stephen's has not employed a Sexton since I was in college, and that sexton never lived in the Parish House. Who can you remember, Beth? There was a couple who did resident duties at one time. In fact they stayed with us for quite a while. One of them was in school, and they needed a "cheap" place to live. I remember Kathy, an Arapahoe Native American, who was really dedicated to the gardens. Those of us who have been around for a bit will remember Joe. Greg and Tim were the ones who were able to do extras.

When Tim decided to move on, Father Chuck was able to talk our present resident David Stefanik into joining the St. Stephen's family. As what usually happens with a resident, David goes above what his contracted duties are. For example, when the shooting occurred in front of the church David was the only person here, and he made sure all doors and windows were secure. He also was able to engage with law enforcement to aid them in discovery. David is also a nosey neighbor which for us is good. Three o'clock in the morning may find him checking out the happenings. He keeps a watchful eye on what happens at the church and what needs to be done. He has also met with countless repair technicians who come to the church, and he makes sure the blessing box is always full. In fact, he has talked his friends into making regular donations. We are lucky to have him.

I hope this has cleared up any questions you might have about the resident position. If not, talk to a Vestry member for more info!

Mission of the Month

HOLY FAMILY INSTITUTE

From their website:

Since 1900, children and families in our community have benefited from the work of Holy Family Institute. Holy Family Institute provides help, healing, and hope to children and families throughout Western Pennsylvania.

We pioneer alternative learning and career training environments, offer mental health and substance use counseling, and help families address debilitating financial limitations. The families we serve have often experienced significant trauma and need caring and support to heal. For this reason, Holy Family Institute maintains a trauma-sensitive culture throughout our programs and services. We provide care within the community, giving families the tools they need to thrive, the resources they need to establish stability, and the support they need to live responsibly.

To fund our mission of serving children and families in crisis, you can donate at
